

PRODUCT DISCONTINUATION NOTICE

EFFECTIVE DATE
 March 2021

EVRHEAT SERIES 20 1.65 kW MODEL FORCED CIRCULATION HEATING SYSTEM

OVERVIEW

AFFECTED EQUIPMENT

EVRHEAT Series 20 Forced Circulation Heater 1.65 kW model

BULLETIN SCOPE

Notification of model discontinuation.

BACKGROUND

As of March 2021, Hotstart will no longer offer the EVRHEAT 1.65 kW model. Instead, Hotstart will offer two new heating power model options for the EVRHEAT series: 1.4 kW and 1.9 kW. These two new heating power options will join the existing 2.5 kW option in an effort to maximize our customer's potential engine heating applications for the entire EVRHEAT series.

Product support will continue to be offered for the EVRHEAT 1.65 kW model variant and Hotstart will make every effort to continue to supply direct replacement parts. If direct replacement parts are no longer available, alternative replacement parts may be offered.
